

## The Florida Black Bear Curriculum packing list

The following is a list of available Florida Black Bear workshop materials. In keeping with the WILD philosophy, we are taking action to conserve supplies as well as postage. However, due to changes in many of our forms, we ask that you please check your supplies from previous workshops and recycle any out-of-date forms, then order what you need. **List the amount of each item needed on the \_\_\_\_.** Thank you in advance for your assistance in our conservation efforts.
