

Author Acknowledgement

This document represents the extensive effort and support of many individuals both within and outside of the Florida Fish and Wildlife Conservation Commission (FWC) (see list of names in Chapter Acknowledgements). While the list of all those who made Florida's Comprehensive Wildlife Conservation Strategy possible is too numerous to mention here, the editors wish to acknowledge the work of the primary authors: Thomas Eason (FWC Species Conservation Planning Leader), Christine Small (FWC Strategy Coordinator), Katherin Haley (FWC Florida Wildlife Legacy Initiative Coordinator), Brian Branciforte, James Gragg, Cathy Handrick, Kevin Kemp, and Mary Truglio (FWC Regional Wildlife Legacy Biologists), Elena Contreras, Laura Geselbracht, Doria Gordon, Douglas Shaw, and Roberto Torres (The Nature Conservancy), Perran Ross (University of Florida), Terry Doonan (FWC Regional Nongame Biologist), Judy Gillan (FWC Community Relations), and Tommy Shropshire (Dynamic Solutions Group).
